

APPLICATIONS

PREVOST has become a leader in the compressed air industry through our extensive research processes, innovative designs and by listening to customer feedback. Our in-house Research and Development team tailored our products to accommodate a full range of applications within the automotive and industrial sectors.

Listed below are a few examples of the air powered industries we serve:

- **Automotive Assembly Lines:** Manufacturing, paint lines, etc.
- **Auto Body & Service Shops:** Mechanical repairs, body work, paint jobs, etc.
- **Plastics Processing:** Injection molds
- **Wood:** Sawmills, carpentry or joinery workshops, etc.
- **Textiles:** Weaving, clothing manufacturing, etc.
- **Food and Beverage:** Abattoirs, meat processing, bottling lines, dairies, etc.

Our products comply with a wide range of quality standards, hygiene requirements, and sustainability and performance criteria. They are specifically designed to meet the needs of this wide range of applications.

SERVICES

PREVOST is committed to providing the highest level of service and quality for our valued customers.

PREVOST Piping System Network Design

Our expert Sales Managers will create a highly efficient custom piping network based on your shops specifications.

Design services include :

- a detailed network diagram
- a full quote
- installation and efficiency consulting

Product training

PREVOST offers a wide range of training programs focusing on compressed air, PREVOST products and ways to incorporate energy efficiency into sales and marketing strategies.

A responsive sales and customer service team

Efficient shipping and logistics

A company that is ahead of current market trends and listens to customer suggestions

For over 40 years, PREVOST has been designing and manufacturing a comprehensive range of products for compressed air and fluid distribution systems. We specialize in safety couplings, blow guns, piping networks, air preparation and pneumatic equipment.

Each day our team strives to exceed our customers expectations:

- through our high quality dependable products and unparalleled customer service.
- through the improvement of existing products, development of industry trends and forward thinking engineering.

DISTRIBUTION

COMPRESSED AIR NETWORKS

BLOW GUNS

HOSE REELS AND HOSES

TREATMENT

FILTRATION

CONNECTION

prevoS COUPLINGS

prevoS quick safety couplings

prevoS couplings, 1/2" body

PROLAC STANDARD quick couplings

ELS couplings for water circuits

CONEX push-fit couplings: polymer, metal, stainless steel
